

Engineering University School and College, Dhaka

Half-Yearly Examination—2026

Class VII

Subject: English 1st Paper

Time : 3 Hours

Full Marks—100

[Marks are shown in the right margin]

Section-A : Reading (Marks 60)

Read the passage. Then answer the questions no. 1 and 2 :

Mrs Nazma and Mr Joynul Ali live in a small village with their daughters, Mitu aged 7 and Nitu aged 5. Joynul is a carpenter. He is hired by the villagers to make chairs, tables, pira (low stool) and other furniture. He is also asked to do small repair work. But Joynul does not find work every day. He lives from hand to mouth.

Nazma does all the work at home from morning to night, rain or shine. Sometimes she sits with Mitu and Nitu, and teaches them Bangla and English alphabets and some numbers. They do not go to school. Nazma could study only up to class 5. Joynul could not study.

1. Now choose the correct answer to each question from the given alternatives.

1 × 7 = 7

a. Joynul and Nazma live in — area.

i. urban area ii. municipal area iii. rural area iv. civic area

b. The phrase “lives from hand to mouth” indicates—

i. He is very rich ii. He earns irregularly for daily needs
iii. He saves a lot of money iv. He works in a factory

c. In the sentence “Sometimes she sits with Mitu and Nitu,” the word ‘sometimes’ is a —

i. Adjective ii. Preposition iii. Pronoun iv. Adverb

d. Nazma’s working schedule is described as —

i. From morning to night ii. Limited to mornings only
iii. Only in the evening iv. Occasionally

e. In the sentence “Nazma does all the work at home,” the word ‘all’ is a —

i. Pronoun ii. Conjunction iii. Adverb iv. Adjective

f. Which word best describes Joynul’s income condition?

i. Stable ii. Lofty iii. Rough iv. Fixed

g. Nazma’s role in the family is mainly —

i. Financial provider ii. Household manager and caregiver
iii. Business owner iv. Farmer

2. Answer the following questions.

2 × 5 = 10

a. Where do Joynul and Nazma live?

- b. What types of work does Joynul do for the villagers?
- c. Why does Joynul Ali face financial difficulties?
- d. What does Nazma do throughout the day?
- e. How does Nazma contribute to her children's early education?

Read the passage. Then answer the questions no. 3 and 4 :

The show went very smoothly. The audience clapped and cheered, and all the performer did a great job. At last it was Pratap's turn. He walked onto the stage and everyone clapped. He was wearing a green robe and a tall pointed hat painted with stars and crescent moons. He looked like a real magician. But what was he going to do?

'Good evening, ladies and gentlemen', said Pratap. "Tonight I am going to perform a vanishing trick. I'm not going to make a coin disappear. I'm not going to make an egg disappear. No. I'm going to make my dog, Smokey, disappear!" Everyone cheered loudly.

3. Fill in each gap with suitable word based on the information of the text above :

$$1 \times 5 = 5$$

The audience watched the (a) — very carefully. The performers gave (b) — performances. Everyone clapped and (c) — loudly. The stage was decorated with lights. The show created great (d) — among the people. The show continued with loud (e) —.

4. Read the above passage and write the antonyms or synonyms of the words as directed below.

$$1 \times 5 = 5$$

- a. Beautiful (Antonym), b. Brave (synonym), c. Clean (synonym), d. Old (synonym), e. Quiet (Antonym)

Read the passage below and answer the questions no. 5, 6 and 7 :

On July 16, 1969, three American astronauts began their journey to the Moon. They were Neil Armstrong, Michael Collins, and Edwin Aldrin. Their spacecraft was called Apollo 11. It was launched from Florida, USA. People all over the world watched the news with great excitement.

After four days, on July 20, 1969, their spacecraft reached the Moon. Michael Collins stayed in the main ship, and Armstrong and Aldrin landed on the Moon. Neil Armstrong was the first person to walk there. He said. "That's one small step for man, one giant leap for mankind." They walked, took photos, and collected rocks.

On July 24, 1969, the astronauts came back safely to Earth. Their success made history. It was the first time humans had visited another world. The Apollo 11 mission showed the power of science, teamwork, and human courage.

5. Complete the following table with the information given in the passage. $1 \times 5 = 5$

Who?	Event	When/Where
Neil Armstrong, Michael Collins, and Edwin Aldrin	i. —	July 16, 1969
ii. —	Landed on the moon	July 20, 1969
Neil Armstrong	Became the first person to walk on the moon	iii. —
The astronauts	iv. —	July 24, 1969
People	Watched the news	v. —

6. Read the following statements. Write 'True' in your answer script if the statement is true. Write 'False' if the statement is false. If false, give the correct answer. $1 \times 5 = 5$

- Apollo 11 was a marine expedition to the Moon that began in 1969.
- Michael Collins landed on the Moon along with Neil Armstrong and Edwin Aldrin.
- Neil Armstrong was the final person to walk on the Moon's surface.
- The spacecraft was propelled from Florida, USA, carrying three astronauts.
- The mission proved that humans had already achieved interplanetary travel to Mars before 1969.

7. Summarize the text in your own words. 5

8. Rewrite the following sentences using "Do you know" at the beginning. $1 \times 5 = 5$

- Where is the post office?
- What does the postmaster do?
- Why is the postmaster so happy?
- Where do his children go to school?
- When does the postmaster come to the post office?

9. Rearrange the following sentences in correct order and write them in a paragraph. $1 \times 8 = 8$

- I waved my torch desperately, but the car did not stop.
- Feeling relieved and safe, I politely began to request the owner to drop me near Lalpur.
- Suddenly, I noticed two large yellow eyes approaching me.
- As the car passed by, I opened the door and jumped inside without hesitation.
- But soon, I realized the eyes were too large for that.
- At first, I was frightened and wondered if it was a tiger.

- g. As it came closer, I discovered it was a slow-moving Baby Austin car.
- h. Growing impatient, I made a quick decision.
10. Answer any 5 (five) of the following questions from poems. $1 \times 5 = 5$
- What does the patent say about their responsibility in the poem "Whose Child is This"?
 - What is the poet's suggestion about nature in the poem "Leisure"?
 - How does the poet feel about life without time for nature in the poem "Leisure"?
 - How does the parent show care for the child in the poem "Whose Child is This"?
 - Why is the childhood important according to the poem "Whose Child is This"?
 - How does the teacher describe his role in the poem "Whose Child is This"?
 - What role does nature play in the poem "Leisure"?
 - What is the poet's message in the poem "Leisure"?

Section-B : Writing (Marks 30)

11. Read the opening of a story below and write at least ten new sentences to complete it. Give your story a suitable title. 10
- Once upon a time two friends went on a journey. They had to go through a forest on the way. As they went the wood they saw a bear.....
12. Write a paragraph on "Annual Prize-Giving Day of Your School" in about 150 words. 10
13. Suppose, your friend Sheila has done very well in the last annual examination result. Your own performance is also very nice. Now write a dialogue between you two about your results. 10
