Dear Sadia,

Hope that you are fantastic. I am over the moon. Many days have passed since we met last. Today I describe you about the future plan after passing HSC Exam.

After my HSC Exam, I would plan with my friends for going Cox's Bazar. If you should want, you can join with us. And then, I came to my village. I have a plan for

poor people at my village. I want to be a

teacher. ~~them~~ Most of them are illiterate.

Most illiterate people do not have any

knowledge about health and nutrition. If

they were literate, they could live a

happy and planned life. Education teaches

us how to keep fit and live well. It

also helps us to make the best choice

in life. In fact, it is education that brings many essential changes without which we cannot live a happy life. So, I want to help them and educated them for their happy life.

That's enough for today. Convey my salam to your Parents and love for your youngsters.

Yours ever

Nethia
