Artificial Intelligence

Artificial Intelligence is a sophisticated ~~com~~ technology of a ~~modern~~ modern computer science performing various task of human require like Business, education, data entry, command etc. Now a days AI become popular to the world. It has many importance. One of the most important use of AI is it calculate and data entry etc perform more accurate than human. Many factory use AI to keep data of people, money.

etc. AI is more important for students because they can use it as a study material. They search in AI what question their unknown. Also any lab project, assignment they need AI for a complete the project. AI solve accurately any math and physics question so student's can assume that their answer was ~~as~~ right or wrong. Though Artificial Intelligence has many ~~some~~ advantages, it has some disadvantages. In factory and company ~~owner~~ owner fully depend on AI as a result many

people don't get job. Fully reliance on AI
people lose their creativity and become
lazy. Student's use AI for simple
math equation solve and project as a
result they also lose their creativity.

~~AI is fully~~ Sometime AI give answer
which is not fair and kind because
AI is ~~not~~ work based on data, history,
logic. So, we must be responsible to

use AI. If we want to develop
our country we should proper use
of AI also our brain.

Dear Toufa,

Hope you are well by the grace of Almighty. I'm also well by his grace.

From your last letter you wanted to know the future plan after passing H.S.C Exam. Now I'm describing it.

You know our village people are illiterate. They do not know how read and write. They also zero knowledge about hygiene and balance food.

They lead unhealthy life most of them suffer many diseases. So, I make decision after passing HSC exam

I go to village people with my some friends and tell them how to fight with diseases and how to prevent them I also teach them basic knowledge of education how to keep healthy and fit.

No more today. keep me in your prayers.

Yours ever

Talha
