Pasture was a French Scientist. He noticed that many diseases are caused by germs and he also found cures for several of them. At first, he treated only animals because he didn't want to cause death of any human being. He found a mad dog and injected some weak germs of its disease into its ~~hot~~ blood. The dog was cured. One day a boy named Joseph Meister was brought to him. He had been bitten by a mad dog. Pasture gave him some injections and the boy did not get the dog's disease.

The new

(P.T.O)

The news of pasteur's success spread all over the world. Other doctors began to study his work.

Ans: to: the: Q: no: 1(A)

a) ⁽ⁱⁱⁱ⁾ being displaced lives outside the country

b) ⁽ⁱⁱⁱ⁾ flying objects

c) ⁽ⁱⁱⁱ⁾ blockade

d) ⁽ⁱ⁾ rushed in large number

e) ⁽ⁱ⁾ coward

Ans. to the question

The poem is about an inspiration named dream. Dream is a common thing but it varied from person to person. Someone dream by night, and in the morning he can realize that was not real but real dream is that which can't man to sleep. Dreamers of the day are the real heroes, they take their dreams as inspiration and motivation. And also work hard to make dreams true.

Ans. to the Q. no. 1 (B)

a) Ans: Actually the situation of Gaza was not good. In this situation all the people and everything in it is crying, so writer can not find any good word to write. So, ~~now~~ can't the writer write beautiful word in this situation.

b) Ans: The writer see the poverty, Siege and famine, deprivation in every house, the fear and sickness of Gaza and it's people. ~~that~~ by The author become aware of that things.

c) Ans: The writer goes around the whole world and in the end he goes back to land on his bed in house, in the middle of the refugee camp.

d) Ans: the writer goes back to the reality of Gaza, to realize their sufferings.

e) Ans: The author's fear flies because he was very afraid about fly lands and his other brothers.

Demira, Dhaka

Bangladesh

Dear Messr,

At first take my heartiest love. Hope you are great by the grace of Almighty. I received your letter just now. In the letter you wanted to know about my future plan after passing HSC Exam. Actually My HSC Exam is close to door or knocking at the door.

My childhood I have a plan to be a computer engineer. So, to fulfill my dream I have to get chance in an Engineering University. So I take a preparation after my HSC to get chance in BUET or other's Engineering

University like RUET, CHUET, KUET etc.

etc. In-the-mentime I can also developed

my English Spiking and listining Skill

to cope-up with the modern age.

So, thats my plan after HSC.

Now more today, Convey myt Salam to your²

parants and love to your youngers.

Your loving

Mridul

Ans. to the Q. no. 8

The chart highlight the data of the sources of the USA electricity in the year of 1980. We can clearly seen from the pie chart that a huge number of electricity is come from natural gas and it is 24%, it obtain 86% from the chart. But coal has big more portion than natural gas and this number is 46% which is high. It obtain almost half from the chart. It obtain 165.6° from the chart. So we can told that in 1980 most number of electricity come from coal.

On the other hand a short number
of electricity come from the

Hydro-electric power, Nuclear and oil.

and to it is 16%, 2% and 2%, Hence,

we can see a little bit of electricity

come from oil and it is only 2%.

it obtain only 7.2% of the pie chart.

At last we can told that, in 1980

the electricity of USA were

coal based.

AI (Artificial Intelligence)

AI (Artificial Intelligence) is most used

word in the modern folk. It is

a type of intelligence which enables

machines to work as human

Artificial mean man-made and intel.

means the ability of thinking

and make decision, AI can able

computer to operate automatically

human interaction. Now people can

think that machines can work

on their need without any interdicti-

and AI can able to do this.

There are many AI tools which does

not need any instruction of human

Like Robot. There are many advantages

of AI. In the field of education it

AI brought a real great change.

There are many AI operating software

by which students can get chance

personalized study, student can

take help ~~for~~ from many software

to ~~be~~ solve math problems, and other

problems. There are many AI based

Software which monitor the

Study type of any student. They

can take free exams on any

topics by which any student

clear his concept in any topic

(BBT) charcha app is one of them

Not only the student but also the teachers are helped by AI. AI can

free up teachers time by auto marking the quizzes. In this time

teachers do other work. AI can

also work in the field of medical.

Doctors can solve any problem by

VR operation and operation. AI also

can change the field of communication.

Virtual reality is example of this.

as others AI also have many
disadvantages. Many people can

depend on AI which destroy

our brain's ability. People do not

use his brain to solve any prob

for AI. So, If we want to get

a good world we should use

AI carefully.

Marcy is a great virtue

Once a lion was sleeping in a forest.

Suddenly a mouse came there. It was,

in fact, playing on a race quite happily

and didn't notice the sleeping lion. While

running suddenly the mouse enter into

the nose of lion. Being ferocious

the lion groaning and tell "who

is here? I can kill you now". Being

afraid the mouse told that "Sir, you

are the king of forest, you are
very mighty sir. please forgive me

sir." The lion ^{asked} replied: ~~that~~ "For
what reason I can forgive you?"

The mouse replied that king one day

I will help you my ~~God~~ king. The

lion smile loudly and say you

will help me. You are very little

creation. I don't need your help

any day, cause I'm more strong

than you. Then the lion forgive the

mouse. After a long day, the lion

was trapped by a net and

it was ~~try~~ trying to get rid from

this but in vain. The mouse notice

that ~~and~~ cut the net with its

sharp ~~teeth~~ teeth. By this the lion

can get rid from the net. Then

The lion ~~Thanked~~ thanked the mouse and

said ~~that~~ "I was wrong ~~very~~

everyone need other's help to

live". The mouse agreed with it.

Moral: Every creature need other's help to live.
