Answer to the Question NO. 3

5

This poem is all about Hope. Hope is the thing with so many expectations. Hope is mixed in our soul. Hope tells about everything without words. Human can't stop hoping. If hope comes true that is ^{the} sweetest if not that is the sourest like a storm. Hope is also visible to a little bird's life. Hope can come from a chillest a land and from the strangest sea. It asked about everything.

Answer to the Question No.7

"Artificial Intelligence"

Artificial Intelligence is a software which has full access of data centers and which can think and make decisions of its own without the help of human. AI can help with ~~help~~ reading, writing, learning, image editing or creating, art, finance, many types of questions and discussions. people usually uses AI for seeking the answer of their questions. There are ~~so many~~ types of AI. Those AI are specialized in different sectors. Chatgpt is used for daily questions or photo editing. Gemini is used to

have answers from different google websites and summarize them.

Deepseek is mainly used for text related academic question solves.

AI has revolutionized teaching and learning. Teachers now use AI for researching about any subject to teach on next day. Students also uses AI for solving and understanding difficult topics or questions. AI can make lecture pattern and slide for any topic to help the teachers. But entirely depending on AI can cause

Trouble. If people stops thinking and entirely depend on AI, their mental growth will stop and they will not be think creatively. On the other hand, if AI get more advanced it will replace some jobs. That will ~~cause~~ some trouble. Despite of all those demerits, AI is a essential equipment for us. It will help us to reach out the peak of technology and knowledge. We should inherit the merits of AI not the demerits.

Answer to the Question No. 8

This pie chart shows the sources of the USA electricity in 1980. Electricity is one of the most valuable source of energy. We can generate electricity by hydro power plant, Nuclear power plant, oil, ~~gas~~ coal and natural gas.

In the chart, the 16% electricity comes from Hydro-electric power plant. the 20% of electricity comes from Nuclear power plant. The 12% of electricity comes from oil. The 46% of electricity comes from coal.

In those aspects, the majority of electricity in USA like 46% came from coal factories, and the lowest amount of electricity in USA like 2% electricity came from Nuclear power plant which is 44% less than coal factories.

So in a nutshell, in 1980, most of electricity in USA came from coal factory and lowest amount of electricity in USA came from Nuclear power plants.

Answer to the Question No. 9

9

'A Lion and a mouse'

4
Once a lion was sleeping in a forest. Suddenly a mouse came there. It was, in fact, playing on a race quite happily and didn't notice the sleeping lion. While running he suddenly slip into lion's nose. The lion woke up and became very angry and about to kill that mouse. Then the mouse told the lion to let him go. He also said that he will help the lion in future if he let him go.

The lion laughed so hard and said that, how a mere ~~to~~ mouse can help him. Then the lion ~~let~~ let the mouse go. After that incident, several days passed. One day, the lion was walking into the forest and fell in a hunter's net trap. Then he started roaring for help but no one ~~came~~ came. Then the mouse arrived and told the lion ~~that~~ that he will help him. The lion asked how a little thing can ~~help him~~. Then the rat started cutting the net by his sharp teeth. After some time,

the mouse set the lion free.

The lion became very happy

and thanked the mouse for

his help. From that day, that lion

and mouse became best friends.

Answer to the Question NO. 11

In this poem, poet shows that the people who dreams awhile sleeping, their ~~de~~ dreams had no value, that ~~is~~ just a vanity. But the people who dreams with open eyes, are the real dreamers. They make their dream come true by at any cost.

I want to go to a village. Then I want to go to a foreign

country. I don't want to go to a village. I don't want to go to a foreign country. I don't want to go to a village. I don't want to go to a foreign country.

Answer to the Question No. 10

27, June, 2026

Domia, Dhaka-12

Dear Habib,

How are you? I hope you are well by the grace of almighty Allah. I am also fine. In your last letter you want to about my after HSC plans. So, today I will write about it.

After HSC exam, I want to spend a month in my village. Then I want to prepare for a foreign student visa. I don't want participate in Bangladesh's University admission hell. My main target is to apply

For Japanese national universities.
I also want to live in that country
so for several years or settle there.
I also want to study in AI and
software technology at those
universities. After graduation, I will
join there a company or start my
own business there.

That's all for today. Give my salam
to your parents and love for the
founders.
